

# MEMBERSHIP FORM

How can nature work its wonders on us if we don't preserve it? Help us save land, water and wildlife, farm life and quality of life. Join today!

Catawba Lands Conservancy's affiliate membership groups are dedicated to promoting awareness, volunteerism and support of our mission - saving land and connecting lives to nature. With funding from memberships and additional individual gifts, members actively support our conservation efforts. Members host a signature annual event, *Taste for the Land*, every fall and are invited to exclusive hikes, paddles and other outdoor events.
